

PRESTON MEMORIAL HOSPITAL

Preston Memorial Hospital | Kingwood, West Virginia

ARCHITECT: Johnson Johnson Crabtree Architects (JJCA)

GENERAL CONTRACTOR: Turner Construction

PROJECT OVERVIEW: The 83,500 sq.ft. building replaces the old hospital in Kingwood from 1955 and provides added space for expanded physician offerings in family practice, cardiology, pulmonology and orthopedics, to name a few.

NEIS SCOPE: NEIS furnished and installed plastic laminate casework by Case Systems, and plastic laminate reception and nurses station by millwork. Work included patient rooms, offices, reception and write up areas, laboratories, nurse stations, pharmacy storage and prep storage.
